NEW BAPTIST REVIVAL BY STATE EVANGEL

DR. KENNEDY OPENS GUNS ON SINNERS AT BAPTIST CHURCH

Rev. J. A. Kennedy, the state evangelist of the Baptist church of Missouri, began a revival at the First Baptist church Sunday morning. Rev. Kennedy was a classmate of Rev. R. E. Mansfield, and it had been arranged before the Smiley union meeting that he should spend several weeks in Guthrie. But the time of his visit was deferred in order not to, in any manner, interfere with the union meeting.

Rev. Kennedy is a man of middle age, pleasant and entertaining address and speech, an orator and yet in close touch with his hearers, a man ever using biblical texts and ready with human logic.

The talk Sunday morning had for its text the chapter of Acts as the lesson showing how Peter was sent to Cornelius, a gentile. He told the church people how the conversion had entered his own household, all his friends.

NATIONAL COMMITTEE-MAN FIGHT IS LOOMING

BOTH DEMOCRATS AND REPUBLICANS ARE LOOKING FOR SUITABLE TIMBER

Oklahoma City, Nov. 29.—Democratic politicians of Oklahoma are considering the rumors that Ben Lafayette of Checotah will probably permit the presentation of his name to the state convention in connection with the office of national committeeman of the Democratic party in Oklahoma. Mr. Lafayette was a candidate for the Democratic nomination for lieutenant governor last year and came near winning. He is widely acquainted in all sections of the state, especially on the east side, where the people take their politics seriously. The only other person so far mentioned for the office is Roy Stafford, the editor of a Democratic paper in this city.

A meeting of the Democratic state committee will probably be held in this city Dec. 5 to select the date for the next Democratic state convention that will choose delegates to the national convention.

The fight between the Republican factions is growing warm, with the Harris contingent claiming victory.

After experimenting for three years the United States Bureau of Standards has developed apparatus for determining the exact fineness of cement.

This photograph of the Kaiser, the empress and the crown prince of Germany was taken this month in a town in France. It is the latest photograph of the German royal family.

Miss Emily Cook, of Guthrie and Mr. Frank Austin of Norman, were married in the parsonage on East Van Ness on Saturday evening at 8:15. EXPORT MARKET UNAFFECTED BY WHEAT SEIZURE

SLIGHT FURRY ON BOARD OF TRADE QUICKLY SUBSIDES AFTER OPENING

(By Associated Press.)
Kansas City, Nov. 29.—There is a difference of opinion as to the effect the Canadian government's seizure of wheat will have on the export market. Wheat futures were held within a narrow range at the opening today. December wheat opened at ninety-nine, a rise of two and five-eighths, but quickly settled to 97 and a quiet market after the first hour.

Wheat Commandeered. Ottawa, Ont., Nov. 29.—The Canadian government has commandeered all high grade wheat in elevators from Fort William, on Lake Superior to the Atlantic coast.

The action was taken under the special war act by the Canadian grain commission. The wheat seized was of grades No. 1 hard and No. 1, 2, and 3 northern. It was the property of grain shippers and sellers. A revised estimate places the amount at about 12,000,000 to 15,000,000 bushels. A considerable amount is the property of American grain dealers. The grain was taken Saturday night so that grain exchanges would be affected as little as possible. It is officially stated that the price will be fairly adjusted and the grain owners promptly paid by the Canadian government.

HOUSTON IS BOOKED FOR LANE'S PLACE

SOME CABINET CHANGES IN WHICH LAMAR RETIRES AND LANE GOES UP

Special to Daily Leader.
Washington, Nov. 29.—It is stated on excellent authority here that Franklin K. Lane, secretary of the interior, will soon retire from the cabinet to succeed Associate Justice Lamar, who is in bad health.

This, it is understood, is the official program, provided, of course, that congress-represents Justice Lamar to full pay.

It is understood that Mr. Lane will be named to the supreme bench and he succeeded as head of the interior department by Secretary of Agriculture Houston, of Missouri.

Noted Cabinet Minister. Secretary Lane is regarded throughout official Washington as one of the ablest ministers of the last decade. As head of the most variegated and complicated section of the government he has had many trying situations to solve. Under him are the Indian affairs, pensions, land office, patents and other great bureaus.

Secretary Lane, primarily an educator, has developed high talent as an organizer and executive and has made many practical reforms in the department of agriculture.

School Mate of Wilson. Justice Lamar has been seriously ill and it is believed he will never be well again. He is one of the newer justices, having been appointed late.

CARNEGIE HAS DISTRIBUTED 350 MILLIONS

BUT STILL HAS MODERATE FORTUNE TO GIVE TO CHARITY

LITTLE WILL GO TO FAMILY OF IRONMASTER

WILL PROVIDES FOR DISTRIBUTION OF \$20,000,000; WILL DIE "POOR"

New York, Nov. 29.—Andrew Carnegie has a fortune today of \$20,000,000. Of the vast wealth which the ironmaster possessed when he started giving away his fortune twenty years ago, in conformity with his principle of dying poor, that he has left the now is far down on the list of America's millionaires.

Mr. Carnegie has given away about \$50,000,000. If interest were to be included on some of the funds he has set aside the total would reach nearly \$100,000,000. This sum he has given away in pursuance of his belief that the man who dies possessed of great wealth and who devotes no part of it to the public's use has failed in life.

Last of Fortune to Charity. The fortune of \$20,000,000 which Mr. Carnegie has left he has devised in his will to go to his family. Thus, when his will is made public it will be found that he really made good his boast of dying poor. There is, strictly speaking, no record like his in this or any other country.

The actual amount of Mr. Carnegie's present fortune was disclosed today by one of the ironmaster's closest friends, a man who has had the direction of the disposal of much of this great wealth.

Friend Estimates Fortune. It was the remarks made by Dr. Pritchett at Carnegie's eightieth birthday celebration in Pittsburgh that led to the inquiry as to the exact wealth.

A hunting party consisting of five Chicago men passed through Guthrie Sunday, after spending two weeks in the Spavinaw hills. They had one deer and a number of wild turkeys. BRILES WILL HEAD STATE TEACHERS ASSOCIATION

PRESIDENT OF ADA NORMAL SCHOOL SUCCEEDS STATE Supt. R. H. WILSON

Oklahoma City, Okla., Nov. 29.—President C. W. Briles of the Normal school at Ada, was elected president of the Oklahoma Educational association with little opposition, when the election of officers was taken up today. W. C. Canterbury of Checotah, who had been mentioned as a candidate, withdrew in favor of Briles. E. N. Collette of Muskogee, was elected vice president, B. C. Klepper of Shawnee secretary-treasurer, and Roy Giltenger of Norman member of the board of trustees for three years.

The only indication of what might have been an attempt to inject politics in the meeting came in a resolution unanimously adopted by the association approving the course of State Superintendent Wilson in appointing a rural school commission to deal with the literacy question in the state. This commission has established a number of night schools and they are becoming successful. A law was enacted by the last legislature providing for an illiteracy commission and was vetoed by Governor Williams on the ground that it might subject the state to unfavorable advertisement. Resolutions also were adopted requiring the state to make education compulsory in penal institutions.

COUNTY COURT MADE CREDITABLE SHOWING

BIG EARNING LOWER COURT; COUNTY EXHIBITS

The county court of Logan county has about completed the term of its session. It has made a creditable showing in its work. The court in its session has heard and decided many cases. The county clerk, Judge Chappell, and county clerk Wm. H. Williams are all credited with the showing which will be made next Monday when the board of commissioners meet.

An unusual number of marriage licenses were issued during the month and Judge Chappell was called upon to "police" a number of couples. He also the continued grand of probate matters and had some in court was held.

Following are some of the probate matters before the court today. An order has been issued in the county court appointing Louise J. Noble, as guardian of the person of John Noble and Charles Noble. Her bond was fixed at \$10,000.

Grace M. Enloe, has received her final discharge in the county court as administratrix of the estate of Chas. T. Enloe.

A decree of final settlement and distribution has been issued in the county court by the H. H. Daniel, executor and administrator of the estate of George R. Partridge, by mortgage the real estate belonging to the estate. The hearing is set for December 9, 1915.

Nettie C. Williams, guardian of Rufus Caldwell, has filed her annual report in the county court. An appeal case, W. F. Friday vs. D. P. Snow, has been filed in the county court from the court of Justice of the Peace Barnum, in Crescent township.

Expressions have been received from some members opposing the special session. They say there is no need of it at this time and that it will be a useless waste of money. There is nothing urgent now for legislation, they say, and it will be worse for the party to hold the session.

Only the politicians seem to be apprehensive of the future as regards the negro vote. It has been rumored that financial interests were making a hard fight against the special session because of the pressure that is being brought to bear for some law against usury. If there is anything in this, there is hardly any limit to the pater of his position. Just how far it might go, however, in preventing the session, is not apparent, and it is not believed this would control the governor in the least if he saw fit to call the session.

Special session is not so common among the state officials as some weeks ago, when it was believed beyond any doubt that the session would be called. There is considerable division of opinion among them as to the necessity of wisdom of a session. With the election coming on next year, the Republicans are making the fight of their lives and with past differences between the Republicans and the Progressives patched up it is believed there will be a chance for the Republicans to do something this time.

HIGHWAYMAN WILL ADDRESS GOOD ROADERS

TOWNSHIP OFFICERS WILL MEET WITH BOARD OF COMMISSIONERS

The joint meeting and conference of the township boards of Logan county will be held at the court house tomorrow means much to Guthrie and Logan county. It is a get-together, good roads meeting where the county and township officers will confer on the matter of roads, discuss the new road law, the state roads, the township road systems and plans for dragging the roads that are being graded and put in shape, so that the work will be permanent.

Chairman Jack Langston, of the board of county commissioners, will call the meeting to order in the district court room at 11 a. m., and after an address of welcome and response the township men will elect their own chairman and complete an organization.

Chief Engineer Danforth, of the state highway department, will be present throughout the day, addressing the meeting and being ready to give any desired information on the law or road construction.

The county commissioners, county engineer, county clerk and county attorney will also participate in the proceedings. At 12 o'clock the township officers present will be the guests of the Chamber of Commerce at a good roads luncheon at Barnett's Cafe.

Every citizen of Guthrie or Logan county interested in good roads, and that should include every citizen, is urged to attend the meetings at the court house as well as the luncheon.

COTTON PRICE HELPS.

Reports on crop conditions indicate that the cotton crop will be about half the yield of last year. With the price at 12 cents it is estimated that the cotton growers of the state will make as much money from the crop this year as last, with half the work.

GOVERNOR MAY HEED POPULAR DISAPPROVAL

WILL DECIDE AT LAST MINUTE NOT TO CALL SESSION, BELIEF

ADVOCATES FOR AND AGAINST ARE BUSY

DIFFERENCES BETWEEN REPUBLICANS AND PROGRESSIVES ARE PATCHED UP

Oklahoma City, Nov. 29.—Talk of a special session of the legislature has somewhat died down during the last few days, and it has even been predicted that there will be no session. Governor Williams maintains silence on the subject, and says he will not indicate further and see what the people have to say about it. While the governor has tried out to learn the opinion of the members of the legislature about the calling of an extra session, he did not intend to stop there, as events of the past few days have shown. From the members of the legislature he got expressions of what things should be legislated upon and what should not.

But there is yet the chance that the session will be called, and unless something happens more than is known of at this time, the legislature will convene in January, probably about the 10th.

Expressions have been received from some members opposing the special session. They say there is no need of it at this time and that it will be a useless waste of money. There is nothing urgent now for legislation, they say, and it will be worse for the party to hold the session.

Only the politicians seem to be apprehensive of the future as regards the negro vote.

At any rate, it is contended, that the wave which started in favor of an extra session of the legislature has subsided to a considerable extent, and it is the belief of some who profess to be "next," that it is very likely that the governor will decide at the last minute not to call it.
